TO: JS STEEL FABRICATORS & WELDING INC.
1490 N.W 65th Avenue
Plantation, FL 33313

SUBJECT: Customer Review

JS Steel is our premiere vendor for all Steel Platforms, I Beams, Specialty Mounting Brackets and more. They have worked with Betacom Construction and DAS Division for several years in the Southeast Market. Major jobs that JS Steel has worked with the Betacom DAS team include:

Sun Life Stadium; Head-end Build on 3rd floor level
Gardens Mall; H-VAC roof top work
Florida Atlanta University; Hand railing manufacturing and Installation
Florida International University; Steel Roof structure
University of Georgia Stanford Stadium; Head-end steel building (Phase 1 and Phase 2)
Texas Tech University; Head-end steel building

Most of our DAS builds are always up against a tight timeline and Jeff has yet to let us down. His attention to detail and quality workmanship is the reason we use him on all marquee builds in the Southeast Region.

Jeff and his team have always provided Betacom with competitive bids, outstanding install and overall great service!!

Sincerely,

Betacom Inc.
